7 March 1956

MEMORANDUM FOR: Director of Personnel

SUBJECT: Coverage of Employees Engaged by Contract  
under the Provisions of Sections 5(a)(5)(A)  
and 5(a)(5)(G) of P.L. 110

REFERENCE: Memorandum to Office of General Counsel from  
Director of Personnel, dated 14 February 1956,  
same subject

1. We note in reference memorandum that although you contemplate the immediate amendment of R and FR 20-620 to reflect medical coverage of contractual employees under P.L. 110, you do not contemplate an immediate amendment to R 20-860.

2. The reason given for not amending R 20-860 is one of administrative convenience in that the regulation is now in the final stages of processing for authentication, and amendment at this time would delay its publication. A memorandum from this Office, John S. Warner to the Regulations Control Staff, dated 1 March 1956, Subject: R 20-860: Employees Engaged by Covert Contract, raises some substantial objections to the present draft of the regulation which are likely to call for revision in any case.

3. Consequently, we would recommend that you amend R 20-860 at the same time that you amend R and FR 20-620 in order that these regulations may be consistent each with the other.
